

World leader in vehicle  
de-pollution technology

## SEDA TPF5 N-528195

**Equipped with 5 storage tanks the new SEDA TPF5 platform offers everything that is needed for the collecting of fluids of End-of-Life vehicles (ELV).**

Two 900 liter AI tanks for petrol and oil (used as well for contaminated liquids) and a 900 liter AIII tank for diesel is placed on the platform. Furthermore you also find two 750 liter AIII tanks for coolant and washer fluid on this platform.

The big advantage of this system is the mobility. Thanks to special forklift holes the platform can easily be moved to any desired location.

The normally big issue of storing fluids relating to the de-pollution of ELVs now lies in the past with this simple but professional solution by SEDA.

### Storage tanks:

- Petrol
- Diesel
- Waste oil
- Coolant fluid
- Washer fluid

### Your benefits:

- ✓ Mobile
- ✓ Suitable for all SEDA systems
- ✓ All connections are located on a central position
- ✓ Pumps, displays and nozzles available
- ✓ No additional tank line installation

World leader in vehicle  
de-pollution technology

**SEDA**  
**TPF5**

**N-528195**

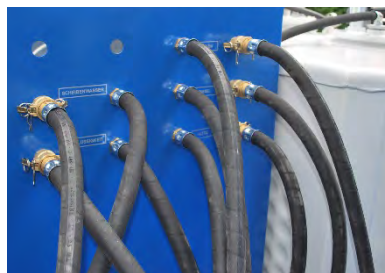

**Mobile  
Fuel Depot**

**Flame arrestor**

**Pump, counter and  
nozzle**

**Connection port for all  
tank lines**

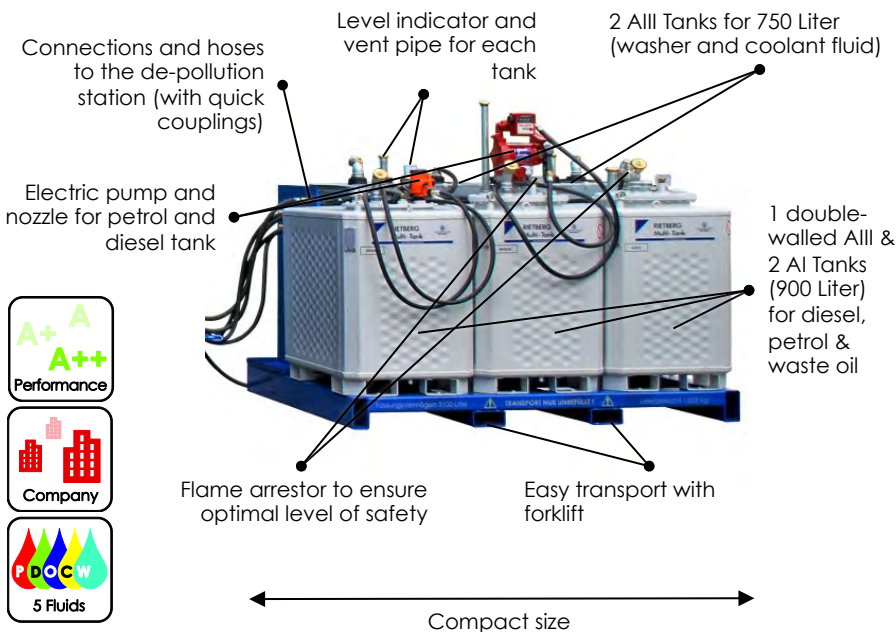

**Well-integrated in MDS6  
Container for transport**

The TankPlatform was designed together with the SEDA MDS6 container. For this reason it is possible to place the platform in the container for transport. A special fixing device helps to prevent any movement of the TankPlatform during transportation.

## Your benefits:

## TECHNICAL DETAILS

<b>Petrol:</b>	AI Tank 900 Liter
<b>Diesel:</b>	AIII Tank 900 Liter
<b>Waste oil:</b>	AI Tank 900 Liter
<b>Washer fluid:</b>	AIII Tank 750 l
<b>Coolant fluid:</b>	AIII Tank 750 l
<b>Size:</b>	2,5 x 2,0 x 2,1 m
<b>Weight:</b>	1.500 kg (empty)
<b>Tank capacity:</b>	4.200 Liter (total)

All tanks have a level indicator, a vent pipe and tanker terminals. Diesel and petrol tanks have an additional electric pump and nozzle.

## ORDER INFORMATION

**N-528195** TPF5 TankPlatform with storage tanks for petrol, diesel, waste oil, washer and coolant fluid

### Recommended system:

**A-528194** SEDA MDS6 Container incl. a complete de-pollution system, a vehicle lifting ramp and selected accessories.

**A-528196** Mounting set for MDS6 container & TPF5
