

World leader in vehicle
de-pollution technology

SEDA DrainLift Start

A-51088

Drainage and Dismantling System

DRAIN LIFT

START

With regular mobile TankDrilling-
Machine and waste oil funnel
on swing arm.

+ Your benefits:

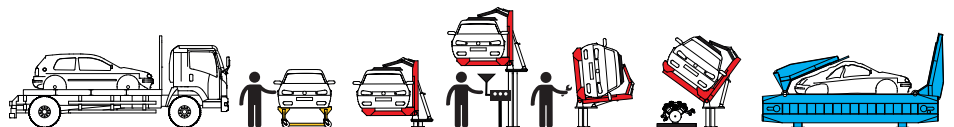

- Depollution and dismantling all in one
- Forklift free loading & unloading with the SEDA vehicle trolley (optional)
- Hydraulic lifting and pneumatic depollution system (Ex-proofed)
- Robust and efficient

The **SEDA DrainLift Start** combines the depollution and dismantling vehicle processing equipment as an all in one solution. Depollution made easy with the Regular Mobile Tank Drilling Machine, single waste oil funnel on a swingarm, complete with waste oil lance, coolant and screenwash lance and brake fluid hoses. All fluids are removed with our regular sized pumps. Dismantling work can be carried out with ease. The SEDA DrainLift Start can also be used in combination with a mobile platform or in a container.
