

World leader in vehicle de-pollution technology

SEDA MDS2 Platform TL-2

A-527609-OS

Mobile Dismantling System

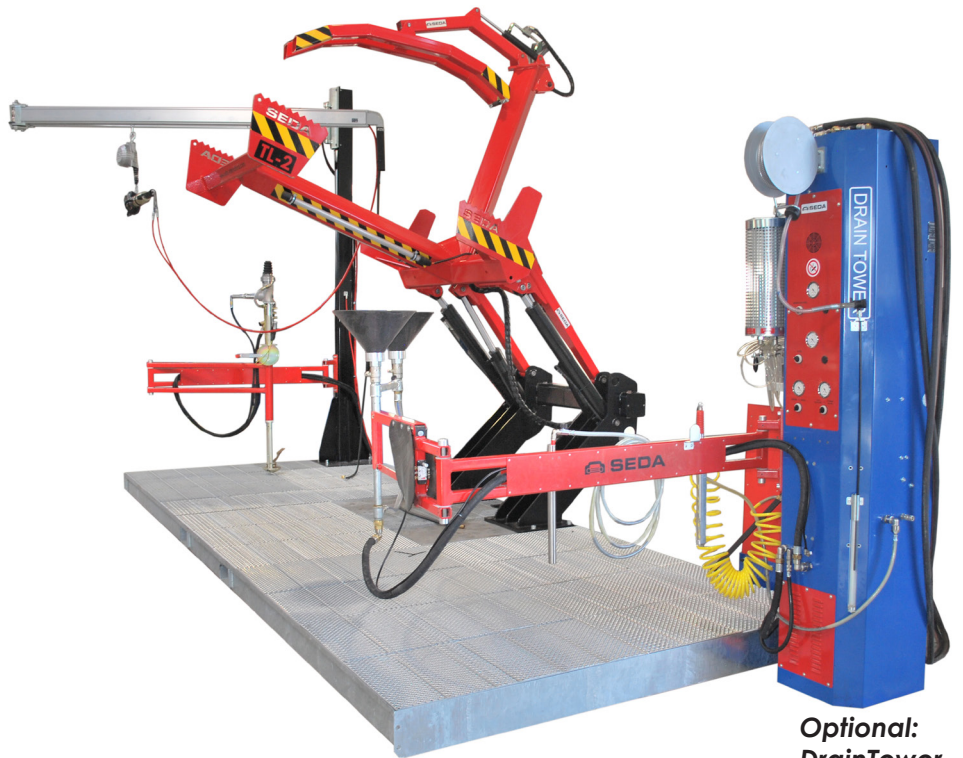

The MDS2 Platform TL-2 is a SEDA mobile dismantling system with a unique lifting and tilting feature.

This easy to load system is complete with a hydraulic safety arm that secures the vehicle whilst performing its upright and tilting functions, ensuring safe movement under operation.

+ Your benefits:

- Dismantling made easy
- Mobile solution
- High safety standard
- Adjustable to 75° tilt mechanism
- Lifting height 1800 mm
- Hydraulic control system

Optional:
DrainTower

Mobile Dismantling System

(Optional) integrated swingarm improves dismantling time

Tilting operation

The SEDA TL-2 makes light work of vehicle dismantling, with both options of 1800mm vertical lift along with 75° tilting operation. This gives the operator all round maneuverability with the vehicle to make the dismantling process fast and extremely efficient.

The TL-2 control panel is extremely easy to understand and operate.

The optional swingarm gives versatility for the use of additional tools necessary to enhance the dismantling process. SEDA Recycling Cutter is one option for the optional swingarm, most commonly used by vehicle dismantlers.

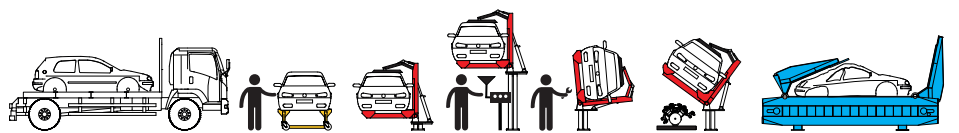

TECHNICAL DETAILS	
Lift height:	Up to 1800 mm
Rotation:	75°
Control system:	Hydraulic
Loading capacity:	4.000 kg
Engine power:	3 kW
Oil filling quantity:	13,4 litre
Power supply:	400 V
Dimension TiltLift:	1.5 x 2.6 x 2.5 metre
Required space:	6.0 x 6.0 x 4.5 metre

ORDER INFORMATION
A-527609-OS SEDA MDS2 Platform TL-2
OPTIONAL ACCESSORIES:
N-527497 - Dismantling swingarm
N-527621-ZP Additional platform (5008 x 561 x 173 mm)
N-527507 - Balancer 18-22 kg
N-527623 - Balancer 22-25 kg
Catalyst Cutter:
Please see additional list below for catalytic cutter options
